

## 兔抗 YWHAB 多克隆抗体

中文名称: 兔抗 YWHAB 多克隆抗体

英文名称: Anti-YWHAB rabbit polyclonal antibody

别名: HS1, GW128, YWHAA, KCIP-1

相关类别: 一抗

储 存: 冷冻(-20℃)

宿 主: Rabbit

抗 原: YWHAB

反应种属: Human, Mouse, Rat

标记物: Unconjugate

克隆类型: rabbit polyclonal

## 技术规格

Background:	This gene encodes a protein belonging to the 1 4-3-3 family of proteins, members of which me diate signal transduction by binding to phospho serine-containing proteins. This highly conserved protein family is found in both plants and mam mals. The encoded protein has been shown to i nteract with RAF1 and CDC25 phosphatases, sug gesting that it may play a role in linking mitoge nic signaling and the cell cycle machinery. Two transcript variants, which encode the same prote in, have been identified for this gene.
Applications:	ELISA, WB
Name of antibody:	YWHAB

Immunogen:	Synthetic peptide of human YWHAB
Full name:	tyrosine 3-monooxygenase/tryptophan 5-monoox ygenase activation protein, beta polypeptide
Synonyms:	HS1, GW128, YWHAA, KCIP-1
SwissProt:	P31946
ELISA Recommended dilution:	1000-5000
WB Predicted band size:	28 kDa
WB Positive control:	Hela cells
WB Recommended dilution:	500-2000
